

DEPARTMENT MEETING

universität
wien

Department of Pharmaceutical Sciences

WINTER TERM 2025-26 (580009 SE)

Josef-Holaubek-Platz 2

1090 Wien - UZA II

Thursdays at 11:30h - lecture hall 4

Faculty of Life Sciences

23.10.25 Karl Kuchler

MedUni Vienna, Max Perutz Labs
Vienna, Austria

Candida auris – How to Consume
Carbon Dioxide and
Survive on Human Skin.

06.11.25 Rolf Müller

HIPS
Saarland, Germany

Novel Antibiotics from Soil Bacteria:
Unearthing Nature's Biosynthetic
Potential Towards Clinical Application.

13.11.25 Leandros Skaltsounis

University of Athens
Athens, Greece

The Olive Tree (*Olea europaea*),
an Invaluable Source of
Bioactive Molecules.

27.11.25 Verena Spiegler

University of Münster
Münster, Germany

Plant-Derived Phenolics and their
Potential against Resistant Infectious
Disease Pathogens.

11.12.25 Tomáš Pluskal

IOCB
Prague, Czech Republic

Decoding the Chemical
Universe of Plants.

08.01.26 Laura Hartmann

University of Freiburg
Freiburg, Germany

Glycan Mimetics for Cell Glycocalyx
Models and Engineering:
A Polymer Chemistry Approach.

22.01.26 Roland Riek

ETH Zurich
Zurich, Switzerland

Structural Biology in Cells.
